

INSTRUCTION SHEET

Coded Magnetic Switches HS7A-DMP

HS9Z-ZP1 HS7A-DMP

Confirm that the delivered product is what you have ordered. Read this instruction sheet to make sure of correct operation. Make sure that the instruction sheet is kept by the end user.

The products have been designed in accordance with the standards in effect : IEC 60947-5-1, EN 292, EN 60204-1 to ensure the safety of machine operators and machine operating reliability, and have obtained the UL/CSA certifications.

SAFETY NOTE

CAUTION

The use of the safety relay modules is required for the monitoring of the coded magnetic safety switches.

When correctly installed and connected to the HR1S safety relay modules they produce a category 4 control circuit per EN ISO 13849-1 (2 redundant contacts monitored by one HR1S safety relay module or FS series safety controller. See user's manual for wiring with safety controller).

Use the safety switches for an interlocking device in compliance with laws and regulations of the country in which it is being used.
